

# Burst Learning Model

## BURST LEARNING

Leaders who have taken the 2-hr. 'learning burst' sessions through Busby Team Consulting have found valuable, viable solutions. By learning over time, it allows leaders the necessary time to evolve their skills as 'building blocks of growth' and capitalize on the learning as it happens. *The full learning experience is paced over time to allow ample time to practice, adjust as needed, and re-apply techniques for consistent performance.*

# CLIENT TESTIMONIALS

*"... an excellent business partner. She provides solid planning, excellent facilitation and outstanding follow-through skills."*

– **Bill Nagel, EVP Marketing, Tribune Publishing**

*"... provided invaluable feedback to me on how I can be a better coach to my team ... is very practical and action-oriented ..."*

-- **Betsey Nohe, VP Supply Chain, Morton Salt**

*Leo Burnett*
